Dr. Turan M. Itil  
Missouri Institute of Psychiatry  
5400 Arsenal Street  
St. Louis, Missouri 63139

Dear Turan,

I found these tables in one of the throw away journals. Look at Table 4 carefully and note that Squibb fluphenazine has been available since 1959 at Boston State and is next to Sparine in its use!

My best regards.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
