Dear Bob:

Enclosed is a project report of the *l*-cyclazocine studies.

As soon as we have more material, we will extend the studies as outlined.

We also have received the concentrated *dl*-cyclazocine and will expand our studies to include 3 (or 4) subjects to 20 mg cyclazocine. Our data on 10 mg cyclazocine (extending antagonism to 48 hours - 25 mg heroin) is being "written-up".

Thanks again for your assistance.

Sincerely yours,

Max Fink, M.D.
