Dear Mr. Richert:

This is in regard to our letter of June 25, 1964, in which we ordered 4 #303249 Mallory batteries for our Mnemotron tape recorder.

We have not as yet received these batteries, and are wondering if the above order has been received.

We are in need of these batteries, and have enclosed a confirming order.

Please give this your immediate attention.

Sincerely yours,

Max Fink, M. D.
