Dear Paul,

Thank you for your letter of May 22. I would be pleased to participate in the Institute, especially since Dr. Jaffe will also be present. The idea of such an institute is new to me and I probably will plan to be there on August 14 and 15.

I will plan to discuss the psychopharmacological treatment of opiate addiction, emphasizing some of the newer experimental approaches.

Your visit encouraged us very much and I am planning to run our first monitored ECT during the forthcoming week.

Thank you for your kind invitation.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
