

July 26, 1963

Mnemotron Corporation  
441 Washington Avenue  
North Haven, Conn.

Gentlemen:

This instrument was delivered and was checked out at the time of Mr. Richert's last visit to St. Louis. At that time I indicated to him that the original invoice date of June 1 was incorrect as delivery had not been completed on the invoice date. He accepted my remonstrance and stated that he would report to the company the corrected invoice date. Payment was made within ten days of that.

If there is any further question, I would appreciate a communication from Mr. Richert in this regard.

Sincerely yours,

Max Fink, M. D.  
Director
