Dear John:

I must apologize for continually calling your office but Dr. Sletten who is the chairman of our Residency Committee has asked me to discuss with you your forthcoming visit to the Institute. I recognize your heavy schedule but I would like the opportunity to discuss your visit. I will be available in my office, at your pleasure, at either of these numbers, Area Code 314, Mission 5-5446 or Area Code 314, Mission 5-6230, Station 517. Would you please call me collect?

We would be interested having you visit any Monday-Tuesday or Tuesday-Wednesday during the months of March, April or May. In doing so we would like to try to arrange not only to have you visit us here but to have you visit some of your other friends in St. Louis who have expressed an interest.

My best regards.

Sincerely yours,

Max Fink, M.D.
Director
