Dr. Peter L. Carlton
Rutgers - The State University
College of Arts and Sciences
Department of Psychology
New Brunswick, New Jersey 08903

Dear Dr. Carlton:

The CINP symposium on "Anticholinergic Drugs" will be published in the series *Progress in Brain Research* by Elsevier Publishing Company, Amsterdam. The manuscripts are now being edited and designated as being in the hands of the publisher by December 31. The editors will be P. B. Bradley and M. Fink.

If we meet the deadline, the publishers hope to have the galleys within six weeks.

Thank you for your participation.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
