

March 5, 1971

Mr. Richard Scarpellino
General Foods Technical Center
Tarrytown, New York

Dear Mr. Scarpellino:

Dr. Arthur Zaks of our College has delivered 240 cc of Narcan (naloxone) concentrate (100 mg/ml). This is to authorize your experiments in improving the taste of the material. We hold the necessary federal and state authorizations for the study of naloxone, and this request is sufficient to allow your studies on our behalf.

We request the return of unused material and an acknowledgment of the amount used for our research purposes.

Thank you for your efforts.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
