Dr. Fred H. Johnson  
158 N. Humphrey Ave.  
Oak Park, Illinois 60302

Dear Dr. Johnson:

It was kind of you to send your curriculum vitae. I regret that we do not have a position open in neurology or neuroanatomy.

When I discussed the opportunity with Dr. Nurnberger, it was for psychiatrists in training who were particularly interested in clinical psychiatry or opiate dependence.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
