Dear Noch,

I have become interested in the program of ethnopharmacology and will attend the meetings at the end of January. Indeed, I look forward to hearing your experiences with nutmeg.

It is so rare that I get to the West Coast, that I would like to take the opportunity, perhaps on the day after the meetings (Tuesday, January 31), to visit with you.

My only additional commitment is to visit the Time/Data Corporation and I think I can accomplish that Tuesday afternoon. Would it be possible to visit with you in the morning and to make arrangements to leave about noon?

My best regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
