Richard B. Cravens, Ph.D.  
Assistant to the Director  
Division of Mental Diseases  
Jefferson City, Missouri

Dear Dick:

I discussed your letters and memoranda regarding the article in Mental Hospitals with George this morning and he indicated that you were able to make the necessary changes. If these meet both your and his approval, then I am pleased to concur. If there is any further information needed from me, I will be glad to go over it with you.

Sincerely yours,

Max Fink, M.D.  
Director
