Nathaniel H. Siegel, Ph.D.
Acting Chief, Social Sciences Section
Training and Manpower Resources Branch
National Institute of Mental Health
Department of Health, Education, and Welfare
Bethesda, Maryland

Dear Nat:

After sending copies of the sociopsychological paper to Bob, he indicated a preference for being the senior author. I am pleased to exceed to his wish, and enclosed is a copy of the report with the revised face sheets. A copy similar to this has gone to the Archives.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
