Re: MHL5561-03

Dear Martin,

I am writing to request an extension without additional funds for MHL5561-03 to December 31st, 1973. The present project period ends May 31st, 1973.

As you know, we have completed most of the clinical studies under this grant, and during the past few months used some of the funds to complete the evaluations and reports in support of that project. An extension for the remainder of this year will permit us to complete the work in accordance with our original design.

Many thanks.

Sincerely yours,
