Ardsley, New York 10502

Dear Paddy,

Enclosed is a revision of the ketimipramine protocol. I have tried to include your suggestions, especially those regarding diagnosis. We are working on the use of the Hamilton Rating Scale plus some additional diagnostic features to assist us in classifying our patients in this study program. As soon as this program is running, I will send you a description.

Welcome back! My best regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
