Dear Dr. Flegel:

We have received your recent letter with interest. As we review the present organization and staffing of the Institute, we find that we do not have any open positions for the winter or spring of 1966. In the interim, since your last letter, we have completed the staff assignments with all available funds.

I am taking the liberty, however, of sending your file to the new Chairman of the Department of Psychiatry, Dr. George Ulett, with the request he consider writing to you as soon as practicable.

Thank you for your interest.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
