Jonathan Cole, M.D.
National Bank Bldg.
6917 Arlington Road
Bethesda, Maryland

Dear Jonathan:

During the last Clinical Committee meeting, I broached the subject of the unusual research opportunities for psychopharmacological studies at the mental hospital in Istanbul. With your encouragement and that of the Clinical Committee, I have written to Professor Necmettin Polvan and in the exchange of communications, the following program has unfolded. Would you consider presenting this material to the Clinical Committee at its forthcoming Puerto Rico meeting for discussion and recommendation?

To expedite this, I am enclosing a draft copy of our ideas for your approval. If satisfactory, I will bring multiple copies to the meeting and be prepared to discuss this with the committee members.

Thank you for your cooperation.

Sincerely yours,

Max Fink, M.D.
Director
