

letter

October 29, 1962

Dr. Kenneth Kooi
University of Michigan Medical Center
Ann Arbor, Michigan

Dear Ken:

These last few weeks have been quite hectic, as I have moved my laboratory from New York to St. Louis. I did, in fact, receive the kind letter from Dr. Marsan appointing me as coordinator of exhibits for 1962-63. I wrote to him at that time indicating that I would rather not serve in this capacity at this time, since I would be preoccupied by my present change of location. Also, the most important time for the coordinator to function is during the weeks immediately preceding the meeting during May. This year, the meetings of the American Psychiatric Association are being held in St. Louis, and much of my time has been pre-empted in anticipation of that meeting. Dr. Ulett and I will participate in many of the host responsibilities during that time and it would be difficult for me to carry out both functions satisfactorily.

It is, therefore, with regret, that I request relief from this assignment for 1962-63. As I indicated to Dr. Marsan, I would be pleased to participate more actively in the programs of the EEG Society after this year.

My best regards,

Sincerely yours,

MISSOURI INSTITUTE OF PSYCHIATRY

Max Fink, M. D.
Director
