Dr. Fritz Freyhan  
Clinical Neuropharmacology Research Center  
William Alanson White Building  
St. Elizabeth's Hospital  
Washington, D.C. 20032

Dear Fritz:

I am pleased to enclose three copies of a report "Therapeutic Studies in Therapy Resistant Schizophrenic Patients" for your consideration for *Comprehensive Psychiatry*. We have been particularly interested in the problem of the treatment of these patients and this report is one of the first that we have prepared.

Thank you very much for your consideration.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
