Dear Dr. Bunney,

In various discussions with Paul Janssen, Sidney Archer, and Harold Blumberg during the past few weeks, in the course of our studies of the narcotic antagonists, I have become aware that you and your associates are sponsoring a conference on the narcotic antagonists.

You may recall, that in 1970, Yolles, Freedman, Martin and I organized a meeting on the antagonists at the New York Academy of Medicine which served a useful purpose. It would be helpful to our work and interest to attend the meeting in November.

Is it possible for us to attend the conference ?

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
