

December 2, 1968

Dr. J. Douglas McLean  
Director of Education  
The Provincial Hospital  
Postal Station B  
St. John, New Brunswick

Dear Dr. McLean:

Dr. Haque was a resident physician at the St. Louis State Hospital during 1965-1966 and elected as part of his training program, to participate in research studies at the Missouri Institute of Psychiatry. His work was directly supervised by Dr. Turan Itil, and my contact with him was limited to the reports which he presented and the occasional research meetings.

I found him cooperative, alert, and enthusiastic. He carried his responsibilities well and was responsive to the needs of the patients. He was of good spirit and enthusiasm. He was among the better residents which the hospital produced.

I am pleased to recommend him for any position for which he is qualified.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
