Judith Rapaport, M.D.  
Department of Pediatrics  
Georgetown University Hospital  
Washington, D.C. 20007

Dear Judy,

I have read your report with interest, and some sorrow that the results were not more positive. I have sent it on to Dr. Mendelwicz and the journal Neuropsychobiology. We should hear from him shortly.

Henk will be coming to see you Thursday. Please excuse me as I shall be busy with my daughter's graduation. I hope that I will be able to cash in a rain-check shortly.

My regards.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
