Wards Island
New York, New York 10035

Dear Hy,

Enclosed is a copy of the abstract which I submitted to the Society of Biological Psychiatry for their consideration.

I have received your note regarding the missing tapes and I will be in St. Louis very shortly and will inquire and will let you know as soon as I have some more information.

My best regards for the New Year.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
