Dr. Milton Rosenbaum
Albert Einstein College of Medicine
Eastchester Road
Bronx, New York

Dear Dr. Rosenbaum:

I want to take this opportunity to thank you for referring Dr. Eliezer Edelstein to me. As you suggested, I found him a delightful person and have offered to try to place him in St. Louis. Fortunately, we have already received permission from the state personnel authorities to appoint non-citizens to research positions for limited period (up to 2 years), and this will avoid the embarrassment suffered by Dr. Edelstein in Washington.

Starting a new venture is, as you well know, difficult, and I am grateful for your consideration.

My best personal regards.

Sincerely yours,

MF:gp
