

February 10, 1970

Dr. Martin Katz  
National Institutes of Mental Health  
5454 Wisconsin  
Chevy Chase, Maryland

Dear Dr. Katz:

Enclosed is a copy of the supplement grant application for MH-15561-02. The original and six copies have been sent to DRG.

Following the guidelines, the dates of the supplement are made to run concurrent with the ongoing program so that the first request is for six months rather than 12 months.

I want to thank you for the extension of the February 1 deadline and I would be grateful if this supplement can be processed for the June Council.

Thank you for your help.

Sincerely yours,

Max Fink, M.D.  
Executive Director
