Dr. Mark Rayport  
Department of Neurological Surgery  
Albert Einstein College of Medicine  
New York 61, New York

Dear Dr. Rayport:

Enclosed are our six copies of an abstract entitled "The Question of Dissociation of EEG and Behavior with Anticholinergic Agents," by Dr. Itil and myself, for your consideration of the forthcoming meeting of the American EEG Society.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry

MF:kp
