

Stella W

December 2, 1963

Mr. N. E. Pellegrino
Personnel Director
Jackson Memorial Hospital
1700 N.W. 10th Avenue
Miami 36, Florida

Dear Mr. Pellegrino:

Please accept my apology for not answering your letter sooner, but I had been away from my office.

Miss Walton was employed at this Institute from July 15, 1963 to October 28, 1963. During this time, she worked in the EEG Laboratory.

She demonstrated good technical proficiency in recording, and was most friendly and cooperative in working with other members of the staff.

She demonstrated an ability to use an Offner D-3 eight channel instrument, as well as to make special measurements using our specialized electronic frequency analyzer equipment.

Her relations to patients were good, and she showed considerable judgment in the management of psychiatric patients.

I should like to recommend her for a position of EEG Recordist. She left this institution for personal reasons related to her marriage.

Sincerely yours,

Max Fink, M. D.
Director
