

738B-538

February 16th, 1973

Mrs. Lorraine Lasker,
Research Grants Administration,
New York Medical College,
106th St. and 5th Ave.,
New York, N.Y. 10029.

Dear Lorraine,

I have just received and read the Annual Report of the Research Committee for the period ending June 30th, 1972. This is an impressive document and reflects a great deal of work, particularly on your part. Considering the severe cutback in funds, the flat level sustained between 1969 and 1972 is a credit to the faculty.

I want to thank you for making my service on the research committee so pleasant. I take this opportunity to extend my resignation, as I am now almost full-time at my new venture.

My best regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
