Dr. R. L. H. Minchin  
Ngawhatu Hospital  
Private Bag,  
Nelson,  
New Zealand

Dear Dr. Minchin:

Thank you very much for your curriculum vitae and photograph. Enclosed is a brochure describing the particulars of the ECFMG examination.

We look forward to having you visit with us when next you are in the United States. In the meanwhile, I will refrain from writing to your referees until we have had an opportunity to discuss the programs here with you.

It would be desirable to receive a list of your published works, as well as any reprints that may be available. However, this can await your visit to us if you prefer.

Thank you very much for your application.

Sincerely yours,

Max Fink, M.D.  
Director
