Dear Norman,

The second oral doxepin study is now being completed but we are in need of additional supplies. Would you please send us:

12 bottles - 50 mg - 100 per bottle

12 bottles - 25 mg - 100 per bottle

We are actively doing the EEG study as well and have completed three volunteers. I need a few more in order to establish a definitive doxepin dosage.

Thank you for your cooperation.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
