Dear Mr. McCarthy,

Your purchase order 1218 of June 30 was forwarded to me for reply.

The volume you request is out of print. We have, however, continued our work in the development of a quantitative EEG method for the classification of new psychoactive drugs, and I would be pleased to discuss this program and make the appropriate reprints available to your scientist requesting the volume.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
