Gentlemen:

By now your PDP-9 has been demonstrated and I believe you may have some descriptions available. I am in the process of reviewing our needs for an IBM 1800 and would be pleased to have any information regarding the PDP-9 which may be available sent to me, or when one of your representatives is next in New York would you ask him to get in touch with me?

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
