Mrs. Ellen Grass
Grass Instrument Company
101 Old Colony Avenue
Quincy, Massachusetts

Dear Mrs. Grass:

It is my impression that the proper size paper for the 12 channel instrument you are now preparing is 10-1/2 inches. If that is correct, would you be able to quote a price for 100 boxes of the W paper, lined on one side only? If 10-1/2 inches is incorrect, what is the correct size and bid price?

Sincerely yours,

Max Fink, M. D.
Director
