Dear Dr. Don:

I am pleased to enclose the required form DSP-66 which you may submit to the American Consul in London for a J-1 visa.

While there are some advantages to admission to the United States on an immigrant visa, the delays in such a program at the present time are a minimum of a year. First preference quota applications have experienced considerable delay and would probably not result in a visa in a much shorter period.

Sincerely yours,

Max Fink, M. D.
