Dr. F. J. Kuhn
C. H. Boehringer Sohn
Ingelheim, Germany

Dear Dr. Kuhn,

The studies here have been completed according to the protocol you completed on July 1. The data has been analyzed and the statistical analyses are now in progress. As soon as these are completed and the staff has written the summaries, I will send you a copy. I do not know, as yet, what the data will show.

As for my visit to Ingelheim, I am scheduled to be in Würzburg from September 23 to the 27, and must be in Amsterdam on Wednesday evening September 29. I would suggest we plan to leave Würzburg so that I can be in Ingelheim on Tuesday September 28. This will leave Wednesday to make the travel connections to Amsterdam.

I very much enjoyed your stay with us and I hope that you found it rewarding. My best regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
