

July 18, 1968

Dr. Lothar B. Kalinowsky
115 East 82nd Street
New York, New York 10028

Dear Lothar,

Please accept this copy of "Anticholinergic Drugs."
This symposium was presented in Washington in 1966 and
it represents a useful portrayal of our available knowledge.

The convulsive therapy project has received support
from NIMH and I look forward to our continued collaboration.

Thank you for your assistance. My best regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
