

June 2, 1965

Dr. George A. Ulett  
Missouri Institute of Psychiatry  
5400 Arsenal Street  
St. Louis, Missouri 63139

Dear George:

I should like to bring to your attention the fact that the malpractice insurance coverage for the seven senior members of the MIP staff, which had been paid by the Psychiatric Research Foundation, is lapsing on July 1. The seven physicians are:

G. A. Ulett  
M. Fink  
I. Sletten  
T. Itil  
S. Gershon  
A. Don  
A. Keskiner

For these men coverage has been provided by the Medical Protective Company through Mr. Ralph Borgmann. The rates were \$56 for \$100-300,000 coverage (which does not include ECT) and \$140 for the same limits including ECT. ECT coverage was provided for Dr. Fink only since we were not planning to do ECT regularly and yet it seemed advisable that one member of the staff be covered for the occasional treatment.

In looking over this list I note that the Foundation never applied for coverage for Dr. J. C. Holden.

It is our understanding that the University of Missouri has agreed to provide maximum coverage, at least equal to this program for each of these men, effective July 1.

Sincerely yours,

Max Fink, M. D.  
Executive Director
