

October 27, 1966

Dr. Eugene Laska
Rockland State Hospital
Orangeburg, New York

Dear Gene,

Enclosed are prints and legends for our report
"Digital Computer EEG Analysis in Psychopharmacology."
On some of the prints I have the negatives, and if the
printer prefers getting those, I would be glad to make
them available.

I will call you about November 7, and hope to see
you soon thereafter. My best regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
