

73SB-515

February 6th, 1973

Nathan S. Kline, M.D.,
Research Center,
Rockland State Hospital,
Orangeburg, N.Y.

Dear Nate,

Has it really been 20 years? I congratulate you on your successful growth and many unique contributions to psychopharmacology. Your contributions have been a credit to New York State and to our colleagues, and I look forward to the continued productivity from your laboratories.

Although I would very much wish to do so, I regret I cannot join you, as I have agreed to ski with my family in Colorado.

My best wishes for a successful meeting.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
