Mr. Nathan F. Williams  
The Blue Line Chemical Company  
302 South Broadway  
St. Louis, Missouri 63102

Dear Mr..Williams:

Following our discussions today I am writing to request your estimate for supplying 50 one liter sterile bottles of one-half molar sodium lactate. After discussion with the author of the enclosed paper, Dr. Pitts, the calcium chloride is not prepared ahead of time, but will be added here. We, therefore, need only the one-half molar sodium lactate.

Enclosed is a copy of the report. Please see page two for our reference.

Thank you for your cooperation.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
