Department of Psychiatry
University Hospital
Philadelphia, Pennsylvania 19104

Dear Burt,

I want to take this opportunity to thank you for your offer of cooperation and your participation in the collaborative study program which we are now establishing with Dr. Rickels. I was very much impressed that your facilities were more than adequate for the program envisioned and I look forward to its establishment.

Before leaving Philadelphia, Karl and I agreed that the next step was the preparation of an outline of a psychopharmacology study which interests him and in which EEG data would be of special interest. As soon as this is available, I hope that we will have an opportunity to continue our discussion.

My best regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
