Dr. Carl Salzman
Psychopharmacology Research Branch
National Institute of Mental Health
5454 Wisconsin
Chevy Chase, Maryland

Dear Carl,

It was a pleasure being with you on Friday. The discussions of the Sugerman proposal suggested that draft copies of my recent reports be made available. I am pleased to enclose copies of the reports prepared for the ACNP. These still require editing, but they do describe our present view of EEG, drugs and behavior.

My best regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
