Dear Dr. Pitts:

Enclosed is a revised protocol for the continuation of our Doxepin studies. You will note that the next group of newly admitted anxiety cases will receive doxepin without necessarily having a preliminary period of treatment with doxepin.

Please amend our project file.

Also, thank you for the matching capsules of doxepin, chlordiazepoxide and placebo which arrived yesterday (Thursday).

I look forward to seeing you March 7, 3pm at 5 East 102nd St.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
