

September 12, 1963

Dr. Adam Rosenblatt
Apt 11, 542 E. 82nd Street
New York 28, N. Y.

Dear Dr. Rosenblatt:

I was pleased to receive your letter of September 3, 1963. The psychiatric residency training program of the Institute is now under the direction of Dr. George A. Ulett. I have asked his secretary to send you the necessary application for appointment. As soon as we have these, we can work out a program which would satisfy the requirements for the third year of training, as well as providing you with an opportunity to continue your studies in hypnosis. As I indicated when we last talked, Dr. Ulett is presently interested in research in hypnosis and I am sure that it will be possible to work out the program of research and study to our mutual satisfaction.

We have made application to the National Institutes of Health for a General Practitioner Grant. As I understand the procedure, we will hear in the spring concerning the availability of such funds for 1964-65.

Thank you for your interest.

Sincerely yours,

Max Fink, M. D.
Director
