Dr. Turan M. Itil
Missouri Institute of Psychiatry
5400 Arsenal Street
St. Louis, Missouri 63139

Dear Turan,

Enclosed is the galley proof and the letters on the fluphenazine paper. I have made all the corrections that they have requested and would ask only that you please check Table I. I think that "years" under the average number of hospitalizations is unnecessary.

I am ordering 1,000 reprints, which should be enough for everybody.

If you have any additional changes, please send them directly to Miss Slotky with a copy to me. My best regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
