Dr. Nail Farnham
c/o Netherne Hospital
Coulston, Surrey
England

Dear Dr. Farnham:

Dr. C. M. Rosenberg has made application to join the staff at the Missouri Institute of Psychiatry. While in England, last week, I had an opportunity to meet with him. He suggested that I write to you for further information, and I would be most grateful for your comments regarding the following.

The Missouri Institute of Psychiatry is a clinical research center with emphasis on laboratory investigations in neurophysiology and pharmacology as applied to the severe mentally ill. I should be most interested in knowing Dr. Rosenberg's ability to treat the severe mentally ill, his knowledge of descriptive psychiatry, and especially his ability in relating to patients, their families, and his co-workers.

Thank you very much for your assistance.

Sincerely yours,

Max Fink, M. D.
Director
