England,

Dear Leo,

We are prepared to work with Mrs. Rosselson early in June. I do regret, however, that you will not be visiting the States, for I had hoped to have the opportunity to go over our program, and for my staff to meet you.

Please instruct Mrs. Rosselson to call me from Kennedy Airport on her arrival. The various numbers are below. I will suggest that she take a Long Island Limousine to the community where I am at the time she calls-- either my home in Great Neck, or the University at Stony Brook. We will make the arrangements from there.

My best regards.

Sincerely yours,

Max Fink, M.D.
