Drs. Joyce & Iver Small  
Indiana University School of Medicine  
Indianapolis, Indiana

Dear Joyce and Iver,

The various reports for the ECT volume in Seminars in Psychiatry are now at the publisher, and they have a planned issue date of February, 1971. I am enclosing the list of authors, and identification/addresses. If correct, please do nothing. If incorrect, please write me.

You should receive the galleys within 6 weeks.

You will also receive a complementary subscription to the Seminars.

Many thanks for your fine contribution. I think the issue will be a useful one, and your report is most valuable. My personal thanks for the fine cooperation.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
