Dear Grace,

Enclosed is a copy of the curriculum vitae of Dr. Akpinar. He writes that he has received the additional information about 8063 and that the study is progressing well.

I had intended to visit him during the second week of September. He writes, however, that he will be in Spain at that time and I will have to change my itinerary, or make a special trip.

We have begun work on the protocol for an alcoholism study, and as soon as I have something to show, I will send it on to you.

My best regards.

Sincerely yours,

Max Fink, M.D.
