Dr. Bernard Effron
c/o Dr. Jonathan O. Cole
Psychopharmacology Service Center
Bethesda, Maryland 20014

Dear Dr. Effron:

During the recent clinical committee meetings, trials with parahexyl were discussed. You were kind enough to give me a set of references to the work of Korty, Williams, et. al., Tooty, and another reference to the Southern Medical Journal. Our library in St. Louis is unable to trace any of these in St. Louis proper and rather than writing to the National Library of Medicine, I am taking this opportunity to ask you if copies of these articles can be made available to us from your office so that Dr. Gershon, Dr. Itil and I can have an opportunity to review them?

Thank you for your assistance.

Sincerely yours,

Max Fink, M.D.
Director
