

August 26, 1963

Dr. Jonathan Cole
National Bank Building
6917 Arlington Road
Bethesda, Maryland

Dear Jon:

I have read your memorandum of August 16th, and I am writing with regard to the question of site visits to the listed ECDEU investigators.

For reasons of interest in the programs at Tulane, I am planning to visit them during this fall. Similarly, I have an interest in the programs being developed by Dr. Pfeiffer and would be pleased to have an opportunity to visit him this fall as well.

Like other members of the committee, I am planning to be in Europe next summer for the CINP meetings and if you wish to have me visit Dr. Wheatly with you, I would find it very interesting.

Looking forward to seeing you soon.

Sincerely yours,

Max Fink, M. D.
Director
